

#### SENATE RESOLUTION

celebrating *National Engineers Week* and recognizing the efforts of the American Council of Engineering Companies of Indiana (ACEC Indiana) and its members for promoting engineering education and inspiring future generations of engineers.

**WHEREAS**, National Engineers Week, celebrated annually in February, highlights the meaningful contributions engineers make to our communities, economy, and quality of life; and

**WHEREAS**, the theme of National Engineers Week, which celebrates its 75th Anniversary in 2026, emphasizes innovation, problem-solving, and service to society—values that align with Indiana’s consulting engineers working in transportation, energy, water resources, and infrastructure; and

**WHEREAS**, the American Council of Engineering Companies of Indiana (ACEC Indiana) represents consulting firms across the state that design, build, and maintain the critical systems and structures that keep Indiana moving forward; and

**WHEREAS**, as part of National Engineers Week, ACEC Indiana and its member firms participate in classroom visits and educational outreach throughout the state to introduce students to the engineering profession, encourage STEM education, and inspire young Hoosiers to pursue careers in civil engineering, civil construction and related fields; and

**WHEREAS**, these volunteer efforts demonstrate the commitment of Indiana’s engineering community to invest in the next generation and to strengthen Indiana’s future workforce; and

**WHEREAS**, the Indiana General Assembly recognize and celebrate the engineers and engineering firms that serve our state and foster innovation, safety, and sustainability in every community;

#### **NOW, THEREFORE, BE IT RESOLVED:**

##### **By the Senate of the General Assembly of the State of Indiana, concurring:**

- That the Indiana General Assembly recognizes and celebrates *National Engineers Week* and expresses appreciation for the contributions of Indiana’s engineers to the state’s prosperity and well-being.
- That the General Assembly commends *ACEC Indiana* for organizing its more than 20 years of classroom visits during National Engineers Week, connecting professional engineers with Indiana students to inspire curiosity and careers in civil engineering and related fields.
- That the General Assembly applauds the volunteers who give their time and expertise to mentor young Hoosiers and strengthen the future of Indiana’s engineering workforce.
- That the General Assembly expresses gratitude to the educators and students who partner in this annual effort to spark curiosity, collaboration, and creativity across Indiana classrooms.
